If he is appointed, the Company plans to involve him as a member of the Nomination and Compensation Committee to provide an objective and neutral standpoint in the selection of the Company's Director candidates and in the determination of Director compensation and other matters.

Proposal No. 5: Determination of Amounts of Remuneration for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)

It was approved that the amount of remuneration, etc. for Directors of the Company shall be no more than ¥500,000 thousand per year (excluding salaries for employees) by the resolution at the Extraordinary General Meeting of Shareholders held on September 20, 1991. However, given that the Company will transition to a company with an Audit and Supervisory Committee if Proposal No. 2, “Partial Amendments to the Articles of Incorporation” is approved as originally proposed, and taking into account the recent economic situation and various other factors, the Company proposes the same annual upper limit of ¥500,000 thousand (which includes an upper limit of ¥80,000 thousand for Outside Directors) for remuneration for Directors (excluding Directors who are Audit and Supervisory Committee Members; hereinafter, the same shall apply in this proposal) after the transition to a company with an Audit and Supervisory Committee, and also proposes that the specific amounts and timing of payments to each Director be decided by a resolution of the Board of Directors.

The outline of the policy regarding the determination of the details of the individual remuneration for Directors of the Company is as set out in the “2. Overview of the Company (3) Corporate Officers 6) Remuneration of Directors and Corporate Auditors” (in Japanese only) of the Business Report. At the Board of Directors meeting following the conclusion of this General Meeting, the Company plans to change the part describing the eligible persons as “Directors” as such to “Directors (excluding Directors who are Audit and Supervisory Committee Members),” so there will be no substantive change. In addition, the amount of remuneration pertaining to this proposal will consist of fixed remuneration and performance-linked remuneration, etc., paid in accordance with the revised policy, and has been deemed appropriate. The content of this proposal was decided by the Board of Directors following a report from the Remuneration Committee. Note that the remuneration excludes employee salaries of Directors concurrently serving as employees.

The number of Directors at present is seven, while the number of Directors subject to this proposal shall be five (among whom three will be Outside Directors), subject to the approval of Proposal No. 2, “Partial Amendments to the Articles of Incorporation” and Proposal No. 3, “Election of Five Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)” as originally proposed.

This proposal shall come into force provided that the amendments to the Articles of Incorporation under Proposal No. 2, “Partial Amendments to the Articles of Incorporation” come into effect.

Proposal No. 6: Determination of Amounts of Remuneration for Directors Who Are Audit and Supervisory Committee Members

Given that the Company will transition to a company with an Audit and Supervisory Committee if Proposal No. 2, “Partial Amendments to the Articles of Incorporation” is approved as originally proposed, and taking into account the recent economic situation and various other factors, the Company proposes an annual upper limit of ¥100,000 thousand for remuneration, etc. for Directors who are Audit and Supervisory Committee Members after the transition to a company with an Audit and Supervisory Committee, and also proposes that the specific amounts and timing of payments to each Director be decided by a resolution of the Board of Directors. The amount of remuneration pertaining to this proposal has been deemed appropriate in light of the responsibilities of Directors who are Audit and Supervisory Committee Members.

The number of Directors who are Audit and Supervisory Committee Members shall be four, subject to the approval of Proposal No. 2, “Partial Amendments to the Articles of Incorporation,” and Proposal No. 4, “Election of Four Directors Who Are Audit and Supervisory Committee Members,” as originally proposed.

This proposal shall come into force provided that the amendments to the Articles of Incorporation under Proposal No. 2, “Partial Amendments to the Articles of Incorporation” come into effect.

Proposal No. 7: Determination of Share Remuneration Plan for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members and Non-Executive Directors including Outside Directors)

By the resolution at the 72nd Annual General Meeting of Shareholders held on March 28, 2024, it was approved that a new performance-linked share remuneration plan would be introduced for the purpose providing incentives to the Company's Executive Directors in order to continuously improve the Company's corporate value by further clarifying the linkage between their remuneration and the Company's business performance and share value, as well as further promoting value sharing between Executive Directors and shareholders. The remuneration to be granted under this Plan shall be no more than ¥35 million or 10,000 shares.

If Proposal 2, "Partial Amendments to the Articles of Incorporation" is approved as originally proposed, the Company will transition to a company with an Audit and Supervisory Committee. For the same purpose as above, the Company proposes the determination of another performance-linked share remuneration plan (the "Plan") for Executive Directors (the "Eligible Directors") separate from the remuneration pursuant to Proposal No. 5, "Determination of Amounts of Remuneration for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)."

1. Overview of the Plan

The establishment of this Plan is in accordance with the transition to a company with an Audit and Supervisory Committee, and the content of this Plan is essentially the same as the performance-linked share remuneration plan approved at the 72nd Annual General Meeting of Shareholders held on March 28, 2024.

The Plan is a performance-linked share remuneration plan in which the Board of Directors sets in advance numerical targets for the Company's business performance during the period from the first day of each fiscal year to the last day of that fiscal year (the "Evaluation Period"), and the number of the Company's common shares and money (the "Company's Shares, etc.") calculated based on the achievement of such numerical targets and the Eligible Directors' position, etc. are granted to the Eligible Directors as remuneration, etc. using performance share units. The Board of Directors shall determine the performance indicators to be adopted under the Plan, which include indicators of profits, indicators of sales, and other indicators based on the Company's management policy.

Therefore, the Plan is to deliver or pay the Company's Shares, etc. in accordance with the degree of achievement of numerical targets for business performance, etc., and at the time of the introduction of the Plan, whether or not to deliver or pay the Company's Shares, etc., the number of shares to be delivered, and the amount of money to be paid to each Eligible Director have not been determined.

Under the Plan, the total amount of common shares of the Company to be issued or disposed of to the Eligible Directors shall be no more than 10,000 shares per year (provided, however, that if a share split (including gratis allotment of the Company's common shares) or a consolidation of shares of the Company's common shares is conducted after the date this proposal is approved, the maximum number shall be adjusted according to the split ratio or consolidation ratio), the total amount of the Company's Shares, Etc. shall be an amount considered reasonable in light of the above purposes, not exceeding ¥35 million per year, separately from the remuneration plan in Proposal No. 5 "Determination of Amounts of Remuneration for Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)."

The number of Directors who can be included as Eligible Directors is two, subject to the approval of Proposal No. 3, "Election of Five Directors (Excluding Directors Who Are Audit and Supervisory Committee Members)" as originally proposed.

The grant of shares of the Company's common shares under the Plan shall be conducted by either of the following methods, based on a resolution of the Board of Directors.

- (1) Method in which the Company's common shares are issued or disposed of without requiring payment of money or delivery of properties contributed in kind as remuneration, etc. to the Eligible Directors

(2) Method in which a monetary remuneration claim is paid as remuneration, etc. to the Eligible Directors, and the Eligible Directors are to receive all of such monetary remuneration claim as properties contributed in kind, and the Company's common shares are issued or disposed of (In case of (2), the amount to be paid per share shall be determined by a resolution of the Board of Directors based on the closing price of the Company's common shares on the Tokyo Stock Exchange on the business day immediately preceding the date of such resolution by the Board of Directors on the issuance or disposal (or if no transaction is effected on that date, the closing price on the immediately preceding trading day) to the extent not particularly favorable to the Eligible Directors.)

2. Requirements for granting the Company's shares, etc.

Under the Plan, upon completion of the Evaluation Period and fulfillment of the requirements outlined below, the Company's Shares, etc. will be granted to the Eligible Directors (including the Eligible Directors who newly assumed the office after the commencement of the Evaluation Period).

(1) There has not been certain misconduct, etc., as determined by the Board of the Directors of the Company

(2) Other requirements determined by the Board of Directors as necessary to achieve the purposes of the performance-linked share remuneration plan are satisfied

After the commencement of the Evaluation Period (or, in the case of an Eligible Director who newly assumed the office after the commencement of the Evaluation Period, after such assumption of the office) and prior to the grant of the Company's Shares, etc., (1) if the Eligible Directors resign or retire from the position of Executive Director or other position determined by the Board of Directors of the Company due to death or other reasons deemed justifiable by the Board of Directors; (2) if the general meeting of shareholders of the Company approves a merger agreement under which the Company becomes a dissolving company, a share exchange agreement under which the Company becomes a wholly-owned subsidiary, a share transfer plan, or other matters related to reorganization, etc. (provided, however, that if such reorganization, etc. does not require approval at a general meeting of shareholders, the Board of Directors of the Company); or (3) if the Board of Directors finds a justifiable reason, the Company's Shares, etc. may be granted, if necessary, at a time reasonably determined and in the number or amount reasonably determined by the Board of Directors.

3. Reasons why the payment of remuneration under the Plan is reasonable

The payment of remuneration under the Plan is considered to be reasonable for the following reasons: (1) the Plan provides an incentive for the sustainable improvement of corporate value over the medium to long term by setting business performance targets for the Evaluation Period and granting the Company's Shares, Etc. in accordance with the degree of achievement of such targets, and (2) the ratio of the total number of shares under the performance-linked share remuneration plan to the total number of shares outstanding is approximately 0.09% for each Evaluation Period, and the dilution ratio is minimal. The content of this proposal was decided by the Board of Directors following a report from the Remuneration Committee.

In addition, the Board of Directors, at its meeting held on March 28, 2024, established a policy for determining the details of remuneration, etc. for individual Directors, an overview of which is shown on pages 19-20 of the Business Report (in Japanese only), and if this proposal is approved, the Company plans to change this policy in a manner consistent with this proposal.

(Reference)

If this proposal is approved, the Company plans to introduce a performance-linked share remuneration plan similar to the Plan for Corporate Officers and upper-level employees.
